

Cleaning Instructions for Leather

General Maintenance

Regularly clean furniture with a 100% white cotton cloth. Dampen cloth with water only. Wipe surface. Allow furniture to air-dry. Conditioning the leather once or twice a year will restore the leather's natural moisture, preserving its softness and providing protection from dust and liquids.

If you should get a stain that cannot be removed, never experiment with strong solvents or chemicals. The problem could get worse, needing to be repaired. We recommend that you contact a professional leather cleaning service.
